## D6.4 Communication Materials

The approved project's communication strategy (Deliverable D6.1) did foresee the realization of a set of communication materials to be used in the events planned throughout the whole project period. CERIC-ERIC has revised and renewed its whole corporate identity, including its logo. At the end of this process, the design and procurement of ACCELERATE communication materials have been concluded. Such materials include ACCELERATE conference folders and rollups, as shown in the pictures below.

Conference Folders
