

Impact Assessment, Evaluation and Monitoring of Research Infrastructures – the ESS ERIC

Professor Rory Fitzgerald

Director, European Social Survey ERIČ 16 December 2020

europeansocialsurvey.org

ESS is a European Research Infrastructure Consortium (ESS ERIC)

European Social Survey: Overview

- Academic cross-national survey
 Measuring attitudes and behaviour
- 9 rounds completed
 Every two years since 2002/03 in 38 participating countries
- Face-to-face interviews
 The questionnaire lasts one-hour and has been translated into 50 languages
- Over 425,000 interviews completed
 Data collection by a range of providers

- Round 10 preparations have begun
 Fieldwork period extended due to
 COVID-19 impact on face-to-face
 interviews
- All data free for non-commercial use
 The data is available to analyse on our
 website or downloadable in a range of
 file formats for use in statistical
 software programmes
- Latest dataset: Round 9 (2018/19)
 Edition 3.0 published last week includes data for 29 countries (and post-stratification weights)

Participating countries

- 1. Belgium
- 2. Finland
- 3. France
- 4. Germany
- 5. Hungary
- 6. Ireland
- 7. The Netherlands
- 8. Norway
- 9. Poland
- Portugal
- 11. Slovenia
- 12. Spain
- 13. Sweden
- 14. Switzerland
- 15. United Kingdom

8 ROUNDS

- 16. Austria
- 17. Czech Republic
- 18. Denmark
- 19. Estonia

6 ROUNDS

- 20. Israel
- 21. Lithuania
- 22. Slovakia

5 ROUNDS

- 23. Bulgaria
- 24. Cyprus
- 25. Italy
- 26. Russia
- 27. Ukraine

4 ROUNDS

- 28. Greece
- 29. Iceland
- 30. Latvia

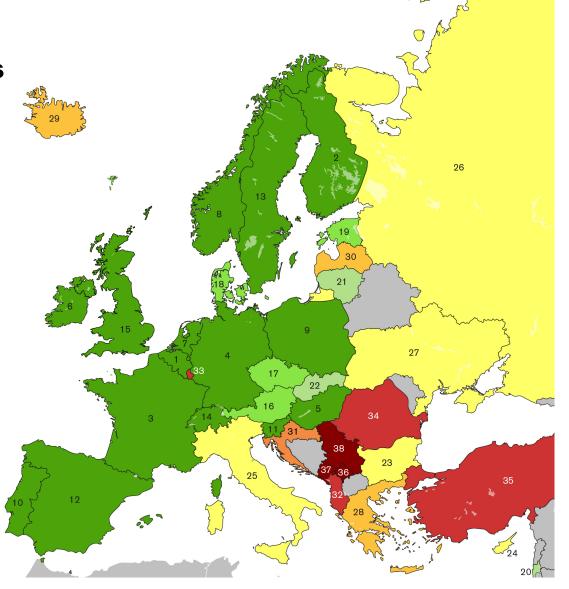

31. Croatia

2 ROUNDS

- 32. Albania
- 33. Luxembourg
- 34. Romania
- 35. Turkey

1 ROUND

- 36. Kosovo
- 37. Montenegro
- 38. Serbia

Questionnaire

- Media use; Internet use; social trust 6 questions
- Political interest, trust in others / institutions, electoral and other forms of participation, party allegiance, socio-political orientations, immigration 43 questions
- Subjective wellbeing, social exclusion, crime, religion, perceived discrimination, national and ethnic identity, vote intention in EU referendum 35 questions

- Socio-demographic profile, including: household composition, sex, age, marital status, type of area, education & occupation of respondent, partner, parents, union membership, income and ancestry 35 questions
- Human Values Scale 21 questions
- Rotating modules
 Two sections of approx. 30
 questions on a single academic
 and/or policy concern within Europe

ROTATING MODULES ARE SELECTED FOR EACH ROUND

ROUND 3 2006/07

- · Personal and social wellbeing
- The timing of life

ROUND 4 2008/09

- · Attitudes to age and ageism
- Welfare

2004/05

- Justice and fairness
- The timing of life

2018/19

- Understandings and evaluations of democracy
- Digital social contacts in work and family life

- Health inequalities
- Immigration

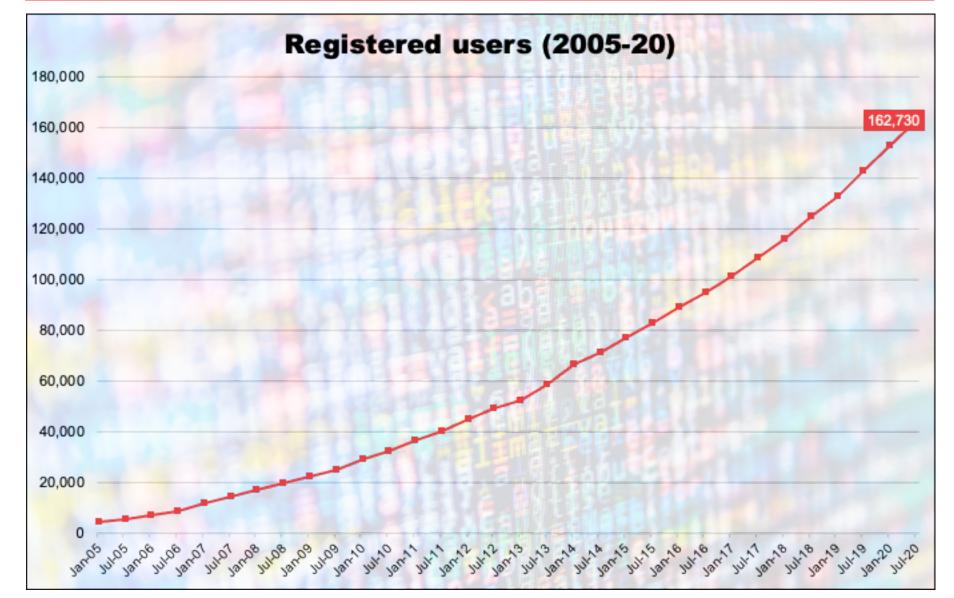

Academic, nonacademic and teaching impact

Monitoring Impact in the ESS – how do we do that

- User figures accessing ESS data (ESS data archive updated quarterly)
- Publication data (google scholar updated annually)
- Impact Assessment Study (Technopolis 2017, repeat in 2021)
- REF impact case study (UK university monitoring every 8 years)
- Media (media monitoring)

Policy impact

European Social Survey: Policy impact

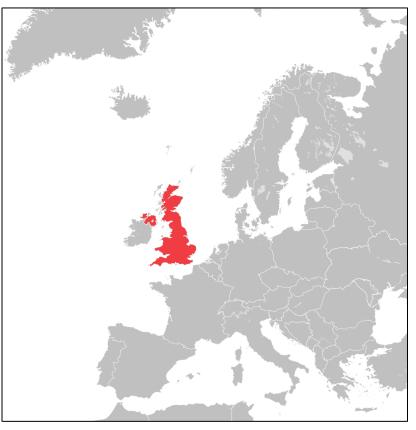

Use of ESS data by France Stratégie

- An independent think tank reporting to Prime Minister's Office
- Data analysed to inform policy in the French Prime Minister's office
- Survey data measuring: happiness and life satisfaction; depression; mental health and wellbeing; trust in the police; inequalities (2008-16)
- Reports led to widespread media coverage and the newspaper - Le Monde - hosted a debate on inequality (2016).

European Social Survey: Policy impact

Helping to create wellbeing indicators in the UK

- National wellbeing indicators developed from ESS items by New Economics Foundation (NEF) and What Works Wellbeing Centre
- Office for National Statistics (ONS) and UK Government Cabinet Office now use ESS wellbeing measures
- Since 2009, at least 15 ONS publications on wellbeing have made direct reference to the ESS.

European Social Survey: Policy impact

ESS for Justice - using ESS data in the training of Portuguese judges

- Centre for Judicial Studies is responsible for ongoing training of judges and public prosecutors
- Data on the evaluation of justice and trust in judicial institutions on the curriculum for future judges
- Used as a tool to better understand the weaknesses and strong points of the judiciary
- Public perceptions of judges and prosecutors has improved since ESS data was considered

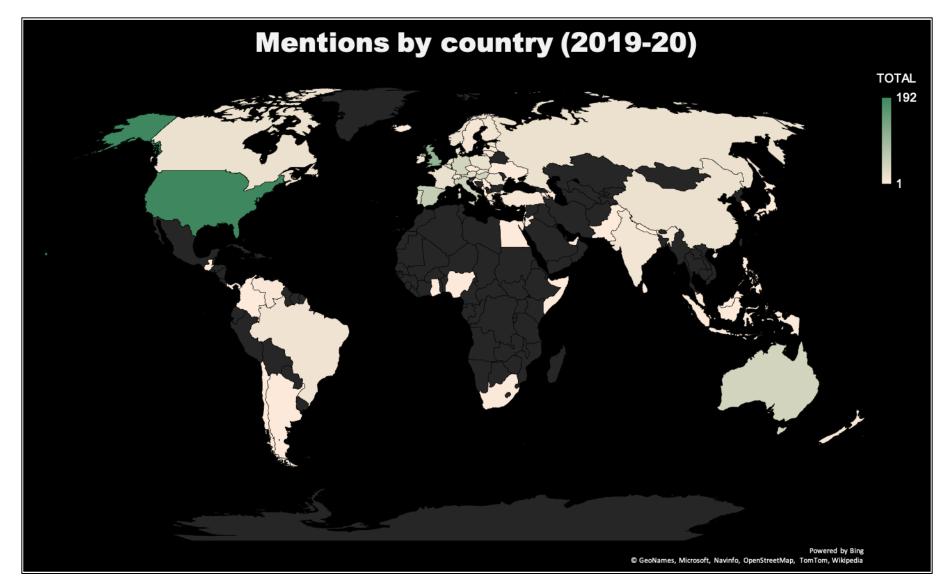

2019-20 Annual Media Monitoring Report

2019-20 Annual Media Monitoring Report

- 1 June 2019 31 May 2020
- 1,039 mentions of 'European Social Survey'
- This includes: traditional media organizations; online media organizations; research institutes and government
- This does not include: academic articles
- 268 articles published by globally or nationally recognisable media brands with large audiences

Twitter (@ESS_Survey): 2019/20

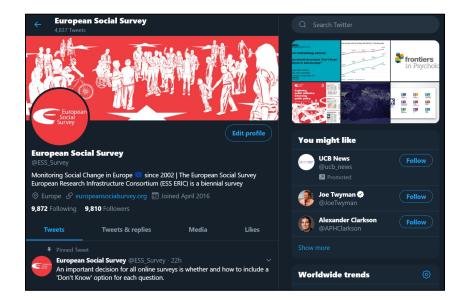

Posts: 706 (59 per month)

Impressions: 2,076,000 (173,000)

• Profile visits: 24,112 (2,009)

• Mentions: 2,335 (195)

• New followers: 3,354 (280)

Methods impact

- ESS data is used for methods research (publications)
- ESS methods have influenced other survey programmes (eg SHARE, EQLS at Eurofound, Fundamental Rights Agency – FRA)
- ESS conducting cutting edge research (new fieldwork methods)
